WARNING
Serious or fatal crushing injuries can occur from furniture tip-over. To help prevent tip-over:

- Install tipover restraint provided.
- Place heaviest items in the lower drawers.
- Unless specifically designed to accommodate, do not rest TVs or other heavy objects on top of this product.
- Never allow children to climb or hang on drawers, doors or shelves.
- Never open more than one drawer at a time. (DPI)
- Do not defeat or remove the drawer interlock system.

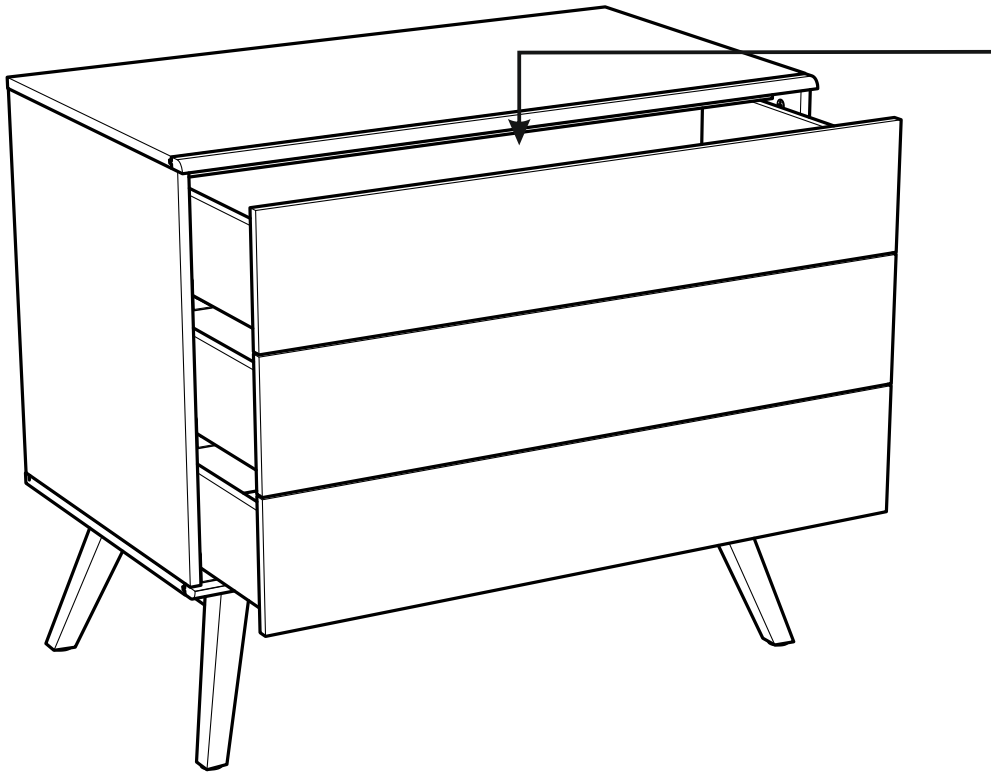

Use of tip-over restraints may only reduce, but not eliminate, the risk of tip-over.
This is a precaution for the use of the product.

i

Diagram showing the correct installation of the tip-over restraint. It includes a sequence of three images: 1) A chest of drawers with the restraint bar inserted. 2) A circular inset showing the bar being rotated into the interlock mechanism. 3) A hand pulling the side of the chest to demonstrate it is locked. Below this, two circular insets show incorrect installation: one with the bar not fully inserted (marked with an 'X' and an open padlock icon), and another with the bar inserted but not rotated (marked with a checkmark and a closed padlock icon). A hand is shown holding the bar in the center of the diagram.
